HEAR BEAUTY. SEE BEAUTY.

It is no surprise that both design and Hifi enthusiasts love clic.

clic is a well thought out combination of Hifi and exclusive Danish furniture design. The furniture allows you to hide cables, gaming consoles, software and everything else that disturbs the eye – and make it a part of a stylish setup – without compromising the great sound and design.

The furniture are handmade in Denmark. The idea for the clic furniture arose when the man behind clic, Mike Fabricius, was unable to find a thoroughly thought out piece of furniture that met his demands of presenting Hifi equipment in a stylish way.

With more than 2000 vinyl records on the shelf and a high aesthetic demand, he had no choice but to design a furniture himself.

FINISH

A special production technique allows us to make a stabile furniture without the use of a fixed back plate. After the clic furniture are assembled, we paint them outside one last time. This makes our finish very sharp on the edges.

All clic models, doors and drawers are available in white, grey and black paint. Clic fabric doors are available in 11 colors.

MOUNTING

All clic models can be placed on the floor on alustands. All clic models except model 410, 420, 430 can also be placed on wheels.

The clic furniture can also be stacked on top of each other with magnet feet or they can be wall mounted with wall brackets.

MATERIAL

clic alu stands are produced in aluminum. Each stand are machined out of one piece of aluminum.

clic wheels are produced in hard plastic in white or black, with a grey or black rubber edge.
